I love listening to XM Radio and benefit greatly from the traffic and weather reports for different cities. Satellite Radio is the BEST thing to come along in a long time. For one who drives long distances, having the radio come along with me is a god-send. Since I CHOOSE to pay for these services, it should NOT be up to the National Association of Broadcasters to dictate what I am PERMITTED to listen to. PLEASE REJECT THE NAB'S PETITION 04-160 AND SUPPORT XM'S ABILITY TO PROVIDE THE KIND OF PROGRAMMING THAT I DEMAND AND DESERVE.
